The average literacy rate is 70.99%

## Your Impact

One of the students in this Free Student Hostel is Bhabhor Sonalben. Currently in class 7, Bhabhor comes from the village Sarori in Zalod taluk, in Dahod district. She comes from a large household which includes her parents and seven siblings. From a farming background, Bhabhor has always had a keen interest in education. Her father noticed this and decided it was time to move her into a hostel which would take care of her academics, provide her nutritious food and support her with extra coaching. He had heard of AIM for Seva's hostel from relatives living in Bodidra and enrolled her.
